<section id="overview">
    <h2>Professional Overview</h2>
    <p>

```

I am a Parks & Recreation major with a minor in Sports Management at North Carolina Central University, graduating in 2026. My short-term goal is to graduate and begin a career in a well-paying position within the sports and recreation field. My long-term vision is to establish a recreation and physical therapy center serving both local communities and professional athletes across all sports.

My professional experience includes working as a summer basketball camp counselor for my AAU team (2016) and most recently as a site supervisor for the City of Wilmington, Delaware.

<!-- Biography -->

<section id="bio">

<h2>Biography</h2>

<p>

I am originally from Wilmington, Delaware, and I have been passionate about sports my entire life,

from playing flag football to basketball and track. Choosing a career in sports and recreation was a natural path for me.

At NCCU, I am majoring in Parks & Recreation with a minor in Sports Management, and I have goals of becoming a coach, trainer,

or even a sports agent. After graduation, I plan to move to Charlotte, NC, where I hope to pursue opportunities at a recreational

center or sports agency. Carrying forward my grandfather's legacy, I also aspire to create my own facility —

King's Kidz — a space for youth and athletes to grow through sports and recreation.
